

SPEED GLOSS

Silicone spray

- ✓ **Silicone free**
- ✓ **Removes brushing clouds that are already present**
- ✓ **Can be used on unwashed vehicles**
- ✓ **Can also be used as a clay lubricant**

PRODUCT DESCRIPTION:

SPEED GLOSS is a unique and innovative sprayable sealant based on Nano technology for new and older paints. Speed Gloss removes light dust and fingerprints and leaves a deep shine and can also be used as a clay lubricant.

APPLICATIONS:

Speed Gloss can be used on, among other things:

- Cleans, polishes and preserves
- Ideal for showroom cars
- Removes insects from paint, glass and plastic by means of intensive protein dissolver
- Can be used on unwashed vehicles
- Removes brushing clouds that are already present
- Cleans, polishes and preserves the paint with very fast-acting polymers
- Can also be used as a glass cleaner and glass protector
- Cleans and preserves chrome
- For all non-porous color pick-up plastics
- Suitable as a cleaner and preservative for aircraft and boats

INSTRUCTIONS:

Before use, read and follow the instructions on the label. Apply the Speed Gloss and then process it with a polishing cloth in circular movements. The product does not have to take effect and can be brushed out immediately.
