

# PLASTIC PROTECTOR

Cockpit spray peach (silicone free)

- ✓ **Silicone free**
- ✓ **Renewed plastic materials**
- ✓ **Leaves a protective film**
- ✓ **Longlasting effect**

## PRODUCT DESCRIPTION:

**PLASTIC PROTECTOR** is a protector for plastic and rubber materials. Because Plastic Protector is completely silicone-free, it is safe to use in any industry. Plastic Protector ensures that plastic and rubber materials look like new again. Due to a special addition, Plastic Protector leaves a long-lasting deep shine on the surfaces to be treated. Plastic Protector has been developed in such a way that it is anti-static, so that less dirt / dust remains on the treated surface. The pleasant peach scent makes the product pleasant to work with.

## APPLICATIONS:

Cleaner for plastic and rubber parts such as dashboards, bumpers, spoilers, vinyl roofs, etc. used in various sectors.

## INSTRUCTIONS:

Before use, read and follow the instructions on the label. Use at room temperature, shake well before use. Spray a thin layer on the surface to be treated, then polish Plastic Protector with a dry, NON-fluffy cloth or sponge until a protective layer with a glossy effect is achieved.

## SPECIFICATIONS:

Base	Vaseline, slow evaporating solvents and anti-static additives
Fragrance	Peach
Propellant	Propane/butane
Pressure at 20°C	4 Bar
