

MULTI SPRAY

LUBRICATION AND MAINTENANCE

- **Corrosion resistant and separates rusted parts**
- **Works conservatively and works against wear**
- **Waterproof and does not affect the paint**
- **Silicone free**

PRODUCT DESCRIPTION :

Multi Spray MS 116 Multi Spray is a high quality product based on oils, additives and solvents, it is a multi-functional product which finds application in the detachment of rusted bolts and screws.

Corrosion resistant and separates rusted parts. Maintain, lubricate and protect equipment, tools, hinges, locks, bearings and all types of swing and sliding structures.

Works preservative and goes against wear, is waterproof and does not affect the paint.

Non-leaking liquid which moistures in a fast way displaces from the smallest pores, causing leakage currents, and short circuits can be avoided. Protects metals, lubricates and maintains stiff current mechanisms and makes plastic like new.

Protects engines, skis, boats, machinery and electrical connections for long durations and is silicone free.

APPLICATIONS :

This product can also be used for cleaning contaminated equipment. Multi Spray is water resistant and has excellent penetrating properties. This multifunctional product sticks to any surface and does not affect the paint. Multi Spray is indispensable for garages, bicycles, motorcycles, household appliances, hobby equipment and tools. This product also cleans and lubricates inaccessible parts and is resistant to cold and hot water.

INSTRUCTIONS :

Clean the surfaces. Shake the aerosol before use. Apply sufficient product on the surfaces to be treated. Leave the Multi Spray for 15 minutes.

For corrosion protection the objects need to be injected lavishly and then be wiped with a soft cloth.

SPECIFICATIONS :

Colour:	Transparent
Odour:	Solvents
Solvents:	Aliphatic hydrocarbons
